### Double Hung Windows

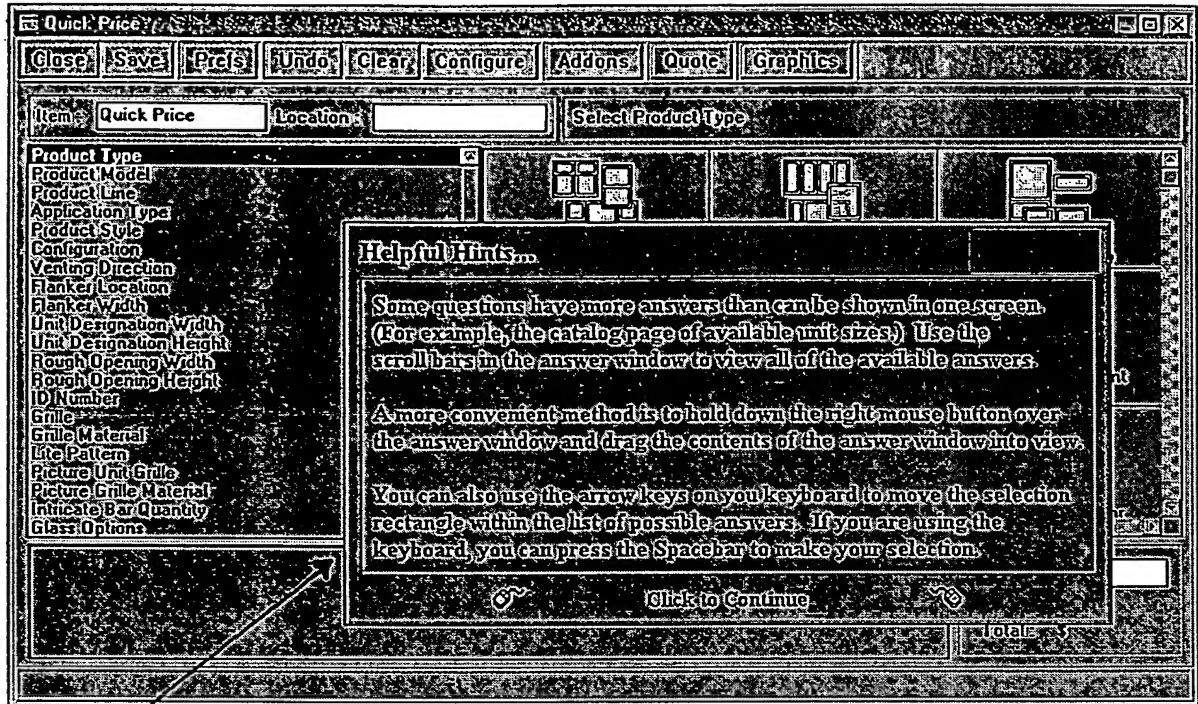

If there's a traditional American window design, it is the double hung. And Caradco double hung windows have been beautifying great American homes from coast to coast since 1866. The Caradco double hung of today includes modern features like tilt-in upper and lower sash for easy cleaning, and adjustable spring-balanced jamb liners for decades of trouble-free operation. These features, combined with their timeless beauty, are what makes Caradco double hungs so popular.
